

Information for students

From 1 January 2015 students undertaking nationally recognised VET courses will need to have a USI to receive their statement of attainment or qualification. This USI will stay with the student for life and be recorded with any nationally recognised VET course that is undertaken.

Protection of student privacy

Protecting the privacy and security of information is a priority in the design of the Unique Student Identifier (USI) initiative. Both the legislative framework and the design of the national ICT system include safeguards in relation to the storage, access and use of student information. Q Academy abides by all documented requirements.
